Prescription Medications, Over-the-Counter Drugs, Herbs & Chemicals Associated with Tinnitus

The following list contains all the drugs, herbals and chemicals that have been associated with tinnitus and were known to the author at the time of compiling this document.

Although this list is one of the most complete listings of drugs associated with tinnitus, no list of this kind can ever be totally complete. New drugs are coming to the market all the time. Furthermore, some existing drugs not listed here will be found to cause tinnitus in the future. Therefore, use this list as a guide and discussion tool with your doctor, and as a springboard to further research on any drugs you may be taking or are considering taking.

More than 550 drugs, herbals and chemicals are currently associated with tinnitus. However, just because a drug is listed here does not mean that you will automatically get tinnitus or exacerbate your existing tinnitus if you take it.

Some drugs result in tinnitus occurring in a high percentage of those taking it. With other drugs, tinnitus only seems to occur rarely. Sometimes the resulting tinnitus is permanent. Other times the tinnitus goes away in a few days to a few weeks. Sometimes the tinnitus is mild. Other times it can be so loud that it is debilitating.

Whether or not you experience tinnitus after taking one of the listed drugs or herbals, or after being exposed to one of the listed chemicals, depends on many factors such as your own body chemistry, your sensitivity to drugs, the dose you take, the length of time you take the drug, etc. Therefore, use this document as a preliminary tool in your quest to discover whether one of the drugs listed here is causing your tinnitus or making your existing tinnitus worse.

For more detailed information on the probability (risk) of getting tinnitus from taking any drug, as well as a guide to the likely severity and permanence of any resulting tinnitus for any drug, herbal or chemical listed here, see the author's book, ***Ototoxic Drugs Exposed***, 3rd edition. In addition, this book lists information about the other ototoxic (ear-damaging) side effects of these drugs such as hearing loss, hyperacusis, ear infections, ear pain and a number of balance problems.

If you wish to learn more about tinnitus and how you can help yourself bring it under control, see the author's book, **When Your Ears Ring!—Cope With Your Tinnitus—Here's How** now in its fifth edition.

You can obtain a copy of either of these books on the Center's website at: <http://www.hearinglosshelp.com/products/books.htm>.

You should **not** discontinue taking any prescribed medication without first contacting your prescribing physician.

Drug brand names are *italicized*. Generic drug names are in **bold**. Please note that not every brand name is included as some drugs have numerous brand names.

Neil Bauman, Ph.D.
Stewartstown, PA

Medications & Drugs

*Drug Brand Name (Generic Drug Name) or
Generic Drug Name (only)*

222 (Acetylsalicylic acid)

282 (Acetylsalicylic acid)

282 MEP (Acetylsalicylic acid)

292 (Acetylsalicylic acid)

5-ASA (Mesalamine)

692 (Acetylsalicylic acid)

A

Abatacept

Abelcet (Amphotericin B)

Abilify (Aripiprazole)

Acamprosate

AccuNeb (Albuterol)

Accupril (Quinapril)

Accuretic (Quinapril)

Accutane (Isotretinoin)

Acebutolol

Aceclofenac

Acemetacin

Aceon (Perindopril)

Acetazolamide

Acetylsalicylic acid

Achromycin (Tetracycline)

Aciphex (Rabeprazole)

Acitretin

Acthar (Corticotropin)

Actifed (Pseudoephedrine)

Actiq (Fentanyl)

Actonel (Risedronate)

Adalat (Nifedipine)

Adalimumab

Adapin (Doxepin)

Adcirca (Tadalafil)

Adipex-P (Phentermine)

Adriamycin (Doxorubicin)

Advagraf (Tacrolimus)

Advil (Ibuprofen)

Advil Cold & Sinus (Ibuprofen)

Afloxan (Proglumetacin)

Agalsidase alfa

Agalsidase beta

Aggrenox (Acetylsalicylic acid)

Agrylin (Anagrelide)

Airomir (Albuterol)

Alatrofloxacin (Trovafoxacin)

Albert Tiafen (Tiaprofenic acid)

Albuterol

Alclofenac

Aldoril (Hydrochlorothiazide)

Aleve (Naproxen)

Alferon N (Interferon alfa-n3)

Alka-Seltzer (Acetylsalicylic acid)

Allegra (Fexofenadine)

Allegra-D (Fexofenadine)

Aller-Chlor (Chlorpheniramine)

Allopurinol

Almogran (Almotriptan)

Almotriptan

Aloxi (Palonosetron)

Alprazolam

Altace (Ramipril)

Alumadrine (Phenylpropanolamine)

Ambien (Zolpidem)

Ambien CR (Zolpidem)

AmBisome (Amphotericin B)

Amen (Medroxyprogesterone)

Amerge (Naratriptan)

Amezinium

Amicar (Aminocaproic acid)

Amikacin

Amikin (Amikacin)

Amiloride

Aminocaproic acid

Aminopyrine

Aminosidine—Paromomycin

Amiodarone

Amitriptyline

Amlodipine

Amoebri (Mebendazole)

Amonafide

Amoxapine

Amphotec (Amphotericin B)

Amphotericin B

Ampyrone (Aminopyrine)

Amrix (Cyclobenzaprine)

Amtolmetin

Amturnide (Amlodipine)

Anacin (Acetylsalicylic acid)

Anafranil (Clomipramine)

Anagrelide

Anaprox (Naproxen)

Andante (Bunazosin)

Anexate (Flumazenil)

Angeliq (Estradiol)

Ansaid (Flurbiprofen)

Antivert (Meclizine)

Antizol (Fomepizole)

Anzemet (Dolasetron)

Aplenzin (Bupropion)

Apo-Acebutolol (Acebutolol)

Apo-Amiloride (Amiloride)

Apo-Beclomethasone (Beclomethasone)

Apo-Butorphanol (Butorphanol)

Apo-Carvedilol (Carvedilol)

Apo-Cetirizine (Cetirizine)

Apo-Clorazepate (Clorazepate)

Apo-Diltiaz (Diltiazem)

Apo-Divalproex (Divalproex)

Apo-Doxepin (Doxepin)

Apo-Etodolac (Etodolac)

Apo-Fenofibrate (Fenofibrate)

Apo-Feno-Micro (Fenofibrate)

Apo-Floctafenine (Floctafenine)

Apo-Fluvoxamine (Fluvoxamine)

Apo-Gabapentin (Gabapentin)

Apo-Hydro (Hydrochlorothiazide)

Apo-Indapamide (Indapamide)

Apo-Keto (Ketoprofen)

Apo-Ketorolac (Ketorolac)

Apo-Lisinopril (Lisinopril)

Apo-Loratadine (Loratadine)

Apo-Mefenamic (Mefenamic acid)

Apo-Methazolamide (Methazolamide)

Apo-Midazolam (Midazolam)

Apo-Misoprostol (Misoprostol)

Apo-Moclobemide (Moclobemide)

Apo-Nabumetone (Nabumetone)

Apo-Norflox (Norfloxacin)

Apo-Nortriptyline (Nortriptyline)

Apo-Oxaprozin (Oxaprozin)

Apo-Phenylbutazone (Phenylbutazone)

Apo-Prazo (Prazosin)

Apo-Selegiline (Selegiline)

Apo-Temazepam (Temazepam)

Apo-Tenoxicam (Tenoxicam)

Apo-Timol (Timolol)

Apo-Trimethoprim (Trimethoprim)

Apo-Valproic (Valproic acid)

Aprepitant

Prescription Medications, Over-the-Counter Drugs, Herbs & Chemicals Associated with Tinnitus

Apresazide (Hydrochlorothiazide)

Apri 28 (Ethinyl estradiol)

Apriso (Mesalamine)

Aralen (Chloroquine)

Arcoxia (Etoricoxib)

Arestin (Minocycline)

Aricept (Donepezil)

Aripiprazole

Arsenic trioxide

Artemether/Lumefantrine

Arthrotec (Diclofenac)

Articaine

Artromed (Amtolmetin)

ASA (Acetylsalicylic acid)

Asacol (Mesalamine)

Asasantine (Acetylsalicylic acid)

Ascriptin (Acetylsalicylic acid)

Asendin (Amoxapine)

Asmavent (Albuterol)

Aspirin (Acetylsalicylic acid)

Aspirin Backache (Acetylsalicylic acid)

Astromicin

Atacand (Candesartan)

Atacand HCT (Candesartan)

Atacand Plus (Candesartan)

Ativan (Lorazepam)

Atorvastatin

Atovaquone/Proguanil

Atretol (Carbamazepine)

Atripla (Efavirenz)

Atrohist (Pyrilamine)

Atrohist Plus (Phenylpropanolamine)

Atrovent (Ipratropium)

Auranofin

Avalide (Irbesartan)

Avapro (Irbesartan)

Avelox (Moxifloxacin)

Aventyl (Nortriptyline)

Avlosulfon (Dapsone)

Avonex (Interferon beta-1a)

Axert (Almotriptan)

Axocet (Butalbital)

Azactam (Aztreonam)

Azapropazone

Azatadine

Azithromycin

AZT (Zidovudine)

Aztreonam

Azulfidine (Sulfasalazine)

B

Backache Caplets (Magnesium salicylate)

Baclofen

Bactrim (Trimethoprim)

Bayer Aspirin (Acetylsalicylic acid)

BC Powder (Acetylsalicylic acid)

Beclomethasone

Beconase (Beclomethasone)

Benadryl (Diphenhydramine)

Benazepril

Bendectin (Doxylamine)

Bendroflumethiazide

BenGay (Methyl salicylate)

Benoral (Benorilate)

Benorilate

Benorylate (Benorilate)

Benoxaprofen

Bepridil

Betaloc (Metoprolol)

Betaseron (Interferon beta-1b)

Betaxolol

Betaxon (**Levobetaxolol**)

Betimol (**Timolol**)

Betoptic (**Betaxolol**)

Bextra (**Valdecoxib**)

Bexxar (**Tositumomab**)

Biarison (**Proquazone**)

Biaxin (**Clarithromycin**)

Bicillin (**Penicillin/Penicillin G**)

Biquin (**Quinidine**)

Bismuth subsalicylate

Bisoprolol

Blenoxane (**Bleomycin**)

Bleomycin

Blocadren (**Timolol**)

Bonamine (**Meclizine**)

Zonegran (**Zonisamide**)
Zonisamide
Zosyn (**Piperacillin—Tazobactam**)
Zuclopenthixol
Zyban (**Bupropion**)
Zydone (**Hydrocodone**)
Zyloprim (**Allopurinol**)
Zymar (**Gatifloxacin**)
Zyprexa (**Olanzapine**)
Zyrtec (**Cetirizine**)
Zytram XL (**Tramadol**)
Zyvox (**Linezolid**)
Zyvoxam (**Linezolid**)

Herbals

Herbal Common Name (**Botanical Name**)

American wormseed (**Chenopodium ambrosioides**)
Ayahuasca (**Banisteriopsis caapi**)
Banisteriopsis caapi
Cannabis sativa
Chenopodium ambrosioides

Prescription Medications, Over-the-Counter Drugs, Herbs & Chemicals Associated with Tinnitus

Chrysanthemum cinerariifolium

Cinchona (**Cinchona pubescens**)

Cinchona pubescens

Hemp (**Cannabis sativa**)

Lactuca virosa

Lactucarium (**Lactuca virosa**)

Marijuana (**Cannabis sativa**)

Prickly lettuce (**Lactuca virosa**)

Pyrethrum (**Chrysanthemum cinerariifolium**)

Quinine (**Cinchona pubescens**)

Wormseed oil (**Chenopodium ambrosioides**)

Yage (**Banisteriopsis caapi**)

Chemicals

Chemical Name (**Common Name**)

1,1,2,2-Tetrachloroethane (**Tetrachloroethane**)

2-Hexanone (**Hexanone**)

3-Cresol (**Cresol mixture**)

4-Bromoaniline (**Bromoaniline**)

4-Cresol (**Cresol mixture**)

4-Hydroxyloluene (**Cresol mixture**)

4-Methylphenol (**Cresol mixture**)

6-Amino nicotinamide (**Amino nicotinamide**)

6-AN (**Amino nicotinamide**)

A

Acetylene tetrachloride (**Tetrachloroethane**)

Acetylene trichloride (**Trichloroethylene**)

Agrocide (**Lindane**)

Alcanfor (**Camphor**)

Alcohol (**Ethanol**)

Algofrene (**Dichlorodifluoromethane**)

Algylen (**Trichloroethylene**)

Alpha-difluoromethylornithine (**Difluoromethylornithine**)

Alpha-hydroquinone (**Hydroquinone**)

Amino nicotinamide

Aminobenzene (**Aniline**)

AminoSweet (**Aspartame**)

Anhydrol (**Ethanol**)

Aniline

Arsenic

Arsenic chloride (**Arsenic**)

Arsenic trioxide (**Arsenic**)

Aspartame

B

Benzenamine (**Aniline**)

Benzene

Benzene hexachloride (**Lindane**)

Benzenol (**Phenol**)

Benzinol (**Trichloroethylene**)

Benzohydroquinone (**Hydroquinone**)

Benzol (**Benzene**)

Benzolene (**Benzene**)

Beta-quinol (**Hydroquinone**)

Blue oil (**Aniline**)

Bonoform (**Tetrachloroethane**)

Bromoaniline

Butoflin (**Deltamethrin**)

Butoss (**Deltamethrin**)

Butyl methyl ketone (**Hexanone**)

C

Camphor

Carbinol (**Methyl alcohol**)

Carbolic acid (**Phenol**)

Carbon dichloride (**Tetrachloroethylene**)

Carbon monoxide

Cellon (**Tetrachloroethane**)

Chlorilen (Trichloroethylene)

Chloromethane (Methyl chloride)

Cislin (Deltamethrin)

CO (Carbon monoxide)

Columbian spirit (Methyl alcohol)

Crackdown (Deltamethrin)

Cresol mixture

Cyanol (Aniline)

Cyclohexane

D

D-Camphor (Camphor)

Decis (Deltamethrin)

Deltamethrin

DFMO (Difluoromethylornithine)

Dichlorodifluoromethane

Dichloromethane (Methylene chloride)

Difluoromethylornithine

Dihydroxybenzene (Hydroquinone)

Dipropyl (Hexane)

Dukeron (Trichloroethylene)

E

Equal (Aspartame)

Eskimon 12 (Dichlorodifluoromethane)

Ethanol

Ethenylbenzene (Styrene)

Ethyl alcohol (Ethanol)

Ethyl hydrate (Ethanol)

Ethylene tetrachloride (Tetrachloroethylene)

Ethylene trichloride (Trichloroethylene)

F

Fluorocarbon (Dichlorodifluoromethane)

Freon (Dichlorodifluoromethane)

Frigen 12 (Dichlorodifluoromethane)

G

Germalgene (Trichloroethylene)

Grain alcohol (Ethanol)

H

Hexahydrobenzene (Cyclohexane)

Hexamethylene (Cyclohexane)

Hexanaphthene (Cyclohexane)

Hexane

Hexanone

Hexit (Lindane)

Hexyl hydride (Hexane)

Hydroquinone

Hydroxybenzene (Phenol)

K

K-Otek (Deltamethrin)

K-Othrin (Deltamethrin)

Kwell (Lindane)

Kyanol (Aniline)

L

L-Asparty-L-phenylalanine methyl ester (Aspartame)

L-Camphor (Camphor)

Lead

Lindane

M

M-,P-Cresol mixture (Cresol mixture)

Mercury

Methacide (Toluene)

Methane dichloride (Methylene chloride)

Methyl chloride

Methyl hydroxide (Methyl alcohol)

Methyl N-butyl keytone (Hexanone)

Methylbenzene (Toluene)

Prescription Medications, Over-the-Counter Drugs, Herbs & Chemicals Associated with Tinnitus

Methylbenzol (Toluene)

Methylene chloride

Mineral naphtha (Benzene)

Molasses alcohol (Ethanol)

Monochloromethane (Methyl chloride)

N

Narcogen (Trichloroethylene)

Narkotil (Methylene chloride)

N-Hexane (Hexane)

NutraSweet (Aspartame)

O

Octafluoropropane (Perfluoropropane)

Oxybenzene (Phenol)

P

P-Benzenediol (Hydroquinone)

P-Bromoaniline (Bromoaniline)

P-Bromophenylamine (Bromoaniline)

P-Cresylic acid (Cresol mixture)

Perchlor (Tetrachloroethylene)

Perchloroethylene (Tetrachloroethylene)

Perclene (Tetrachloroethylene)

Perfluoropropane

Perklone (Tetrachloroethylene)

Petzinol (Trichloroethylene)

Phenol

Phenyl hydroxide (Phenol)

Phenylethylene (Styrene)

Phenylic acid (Phenol)

Phenylmethane (Toluene)

Potato alcohol (Ethanol)

P-Oxytoluene (Cresol mixture)

Pyrobenzol (Benzene)

Q

Quinol (Hydroquinone)

S

Skellysolve B (Hexane)

Solaesthin (Methylene chloride)

Spirits of wine (Ethanol)

Styrene

Styrol (Styrene)

T

Tecquinol (Hydroquinone)

Tetracap (Tetrachloroethylene)

Tetrachloroethane

Tetrachloroethylene

Tetroguer (Tetrachloroethylene)

Threthylene (Trichloroethylene)

Toluene

Toluol (Toluene)

Trichloran (Trichloroethylene)

Trichloroethylene

Trilene (Trichloroethylene)

V

Vestrol (Trichloroethylene)

W

Westron (Tetrachloroethane)

Wood alcohol (Methyl alcohol)

Wood naphtha (Methyl alcohol)
